RE: [Free 5 Day Trial] CloudIndexer - Powerful Backlink Indexing Service - Indexed Checker! Post: #10

Quick Review

The tool has a very nice interface..pretty simple and intuitive to use. Number of link is 200 per day which I think is more than sufficient for an individuals use (atleast for mine). The tool also gives an option to drip feed links to make it look more natural. The days could be selected by the user from the various options available which I thought was pretty helpful.. I added about 60 links yesterday and set 7 drip feed per day..and I saw that 7 were indexed within no time.

This is my initial review. I shall try to come up with a more detailed one once I test this tool more. So far it looks great. Thanks OP
